

Level 2 Award in Risk Assessment

Overview:

The Level 2 Award in Risk Assessment Training is an advanced course that builds upon the foundational knowledge of risk assessment. It is designed for individuals who have a responsibility for managing risk assessment processes within their organizations or wish to enhance their skills in risk assessment. The course provides in depth knowledge and practical techniques to enable participants to conduct comprehensive risk assessments and develop effective risk control strategies.

Who is this Course For?

- **Employees & Workers:** Those responsible for identifying and managing risks in the workplace.
- **Supervisors & Team Leaders:** Ensuring workplace safety and risk control.
- **Health & Safety Representatives:** Assisting in workplace hazard identification.
- **Facility & Operations Managers:** Overseeing safety and compliance measures.
- **Small Business Owners & Employers:** Managing risks to maintain a safe working environment.
- **Anyone Seeking a Career in Health & Safety:** A foundation for further HSE qualifications

Duration:

The qualification has recommended course duration of 3 days.

Note: However the course duration may be increased to meet additional learning needs if required but not reduced.

Assessments:

The qualification is evaluated using assessments. To receive this qualification the learner must pass test with 70%.

Validity:

This certification is valid for a life time
